

CARE PhD Studentship **Biomechanics and** **Motor Control**

The Centre for Aquatics Research and Education (CARE) offers a full-time PhD studentship relating to the Biomechanics and/or motor control in aquatics. The thesis topic could have a skill acquisition, elite performance, or rehabilitation emphasis.

The Centre, based in the Department of Physical Education, Sport and Leisure Studies (PESLS) of the Moray House School of Education, at the University of Edinburgh has an excellent reputation for its research in aquatic activities.

The awards cover all fees up to the level of UK and EU local rates and a stipend at ESRC+ rates (according to training/experience). The successful applicant will be supervised by Professor Ross Sanders and another academic with PhD and specialisation suited to the topic of the thesis.

For further information and to apply please visit our website below.

Closing deadline: 19 February 2010
