

**The University of Nottingham
School of Biomedical Sciences**

Lecturer in Human Physiology

This post is an exciting opportunity for a suitably qualified candidate who is committed to contribute to research in the areas of human metabolism and physiology in the School of Biomedical Sciences at the University of Nottingham. The post holder will ideally be keen to contribute to the current research drive in integrative cardiovascular and metabolic physiology within the School (<http://www.nottingham.ac.uk/biomedsci/research/index.php>) whilst contributing to the teaching commitments of the MSc in Integrated Physiology in Health and Disease, which was successfully launched in September 2008 (<http://pgstudy.nottingham.ac.uk/School/Courses/Overview.aspx?Id=754>)

Applications are particularly welcome from individuals who have expertise in human cardiovascular and/or metabolic physiology, wishing to dovetail their interests with colleagues using contemporary intermediary metabolism and molecular based approaches to investigate whole-body cardiovascular and metabolic function in health and disease.

Salary will be within the range £32,458 to £43,622 per annum depending on qualifications and experience (salary can progress to £50,569 per annum, subject to performance).

Informal enquiries may be addressed to Professor P Greenhaff (School of Biomedical Sciences) tel: 0115 823 0133, Email: Paul.Greenhaff@Nottingham.ac.uk or Hilary Martin tel: 0115 823 0101, Email: Hilary.Martin@Nottingham.ac.uk. Please note that applications sent directly to these Email addresses will not be considered.

For more details and/or to apply on-line please access <http://jobs.nottingham.ac.uk/> or contact the Human Resources Department, The University of Nottingham, King's Meadow Campus, Lenton Lane, Nottingham, NG7 2NR. Telephone 0115 951 3262, Fax 0115 951 5205.
