## COSMED becomes "Official ECSS Partner"

Posted in [Company News](#)

COSMED is proud to announce that a three-year partnership contract was signed between COSMED and the European College of Sport Science (ECSS), the influential association of sport scientists in Europe.

The [European College of Sport Science \(ECSS\)](#) is the leading association of sport scientists and maintains extensive co-operations with corresponding non-European associations. The purpose of the ECSS is the promotion of science and research, with special attention to sport science across Europe and beyond. Its topics include the motivation, attitudes, values and responses, adaptation, performance and health aspects of people engaged in physical activity and the relation of physical activity and lifestyle to health, prevention and aging. These topics are investigated on an interdisciplinary basis.

As part of the partnership, at the next [2014 ECSS meeting](#) to be held in Amsterdam July 2-5, COSMED will present its new wearable metabolic technology during a 45 minutes satellite technical session (to be held in Room G-106 on Thursday July 3 from 13:15 to 14:00).
